

Leading the Charge

The CFO Climate & Sustainability Programme

The CFO plays a critical role in driving organisational strategy and performance and as a catalyst for transformation. Our CFO Climate & Sustainability Programme is designed to help CFOs understand how they can take the lead in managing climate change risk, and **empower and enable** them to take action in their influential roles.

THE OPPORTUNITY

The science is clear

- Climate change is here - scientific evidence for warming of the climate system is [unequivocal](#).
- We have only a [few years left to act](#) if we are to limit warming by 1.5°C.
- Nearly 200 countries have pledged to reduce emissions and keep temperature rise well below 2°C.
- New Zealand has declared a climate emergency - we have made a national commitment to take action.

Stay ahead of the regulation curve

The legislative landscape is rapidly changing to ensure businesses manage climate risk and adopt sustainable practices.

The Zero Carbon Act

TCFD legislation
Financial institutions

Carbon Neutral
Public Sector 2025

Sustainability equals opportunity

→ 48% of consumers have deliberately [switched](#) to a provider that is more sustainable.

Attract & retain your people and customers

Reduce risk & improve resilience

Stimulate growth & financial returns ←

90% [agree](#) that companies have a responsibility for taking care of the planet and its people.

Enhance your reputation / brand

Identify innovation opportunities

Achieve efficiency gains

← Large shifts in markets and market segments are creating opportunities for new product innovations and more sales.

WHAT VALUE WILL THE PROGRAMME DELIVER FOR YOU

Gain the clarity and confidence to lead with influence and impact.

We will establish a **shared understanding** of what we mean by 'climate risk' and 'sustainability', what the **critical challenges and opportunities** are, and **why** they are important to you and your key stakeholders. This foundation will allow you to **compellingly communicate** the case for change. You will leave the Programme with a pathway forward to **embed** climate resilience and maximise opportunities for your business.

Test your ideas and learn from your peers.

Deloitte, SBC and others will share best practice, insights and guidance; however more than two-thirds of each session will be interactive to allow you to **share stories** of the unique challenges and opportunities you face and support each other to overcome barriers.

Become part of a network.

Participants become members of a network of **passionate, driven and high-performing CFOs** who are empowered to navigate their organisations through the challenges and opportunities presented by climate change.

Thank you for helping to grow my understanding of sustainability, to enable me to champion it within our organisation and connect and share ideas with others.
